

# Directions to the Brew-in (Derrick's House)

If you are traveling from the North, take I-65 South to Exit 91. It would say 61 South to Hodgenville and 61 North to Elizabethtown take the 61 South to Hodgenville ramp. As you get off the ramp and come to the 1<sup>st</sup> light (which is Hwy 31W) proceed straight through the light on Hwy 61 South. Proceed straight on Hwy 61 South for approximately 11 miles from Hardin County into Larue County, at the intersection of 31E (the fourth stop light) and 61 South, turn right onto 31E. Stay on 31E for approx. 8 miles until you come to Mill St., veer left on Mill St.. Proceed to the stop sign, (the Magnolia Post office should be in front of you) turn left. Go about ¼ of a mile and the first side road which is Hwy 1906 (Mt. Sherman Road), turn Right, it's the only road you can make a turn. Stay on Mt. Sherman for about 2 ½ miles, my mail box is on the right and the house is on the left. You can barely see the house from the road, the driveway is gravel. The address is 2530 Mt. Sherman Road, Magnolia, KY 42757, if anyone gets displaced; we have 2 phone numbers where assistance can be given. (270-324-4535) this is the land line, and (270-312-4892) is the cell.

We can begin around 0830, and in case there are weather issues I have a two car garage that can be utilized to complete the process. The water source is an outdoor spicket; we have 2 to choose from. The water source is very clean, and is one of Kentucky's finest; additional hoses splitters will be in demand so feel free to bring them.

For the lunch that day, I would provide a chicken lunch from one of the local deli's that afternoon; feel free to bring a covered dish.
